

Oppn cites 2015 RTI reply, jabs govt over 'change in stance' on Katchatheevu island

NEW DELHI, APRIL 1/--/ Hitting back at the Centre over the Katchatheevu island issue, opposition leaders on Monday cited a 2015 RTI reply, which stated that the agreements in 1974 and 1976 did not involve either acquiring or ceding of territory belonging to India, and asked whether the "change" in Modi government's stance was for "election politics".

The opposition's response came after External Affairs Minister S Jaishankar on Monday claimed that prime ministers from the Congress displayed indifference about Katchatheevu island and gave away Indian fishermen's rights despite legal views to the contrary.

Jaishankar's remarks at a press conference were made a day after Prime Minister Narendra Modi cited a media report to assert that new facts reveal that the Congress "callously" gave away Katchatheevu island to Sri Lanka.

Senior Congress leader P Chidambaram hit out at the government over the

issue.

"Tit for tat is old. Tweet for Tweet is the new weapon. Will Foreign Minister Mr. Jaishankar please refer to the RTI reply dated 27-1-2015... The Reply justified the circumstances under which India acknowledged that a small island belonged to Sri Lanka," Chidambaram said.

Why is the Foreign Minister and his ministry doing a somersault now, he asked.

"How quickly can people change colours. From a suave liberal Foreign Service officer to a smart Foreign Secretary to a mouthpiece of the RSS-BJP, life and times of Mr Jaishankar will be recorded in the annals of acrobatic sports," Chidambaram said.

"It is true that fishermen were detained in the last 50 years. Likewise, India has detained many Sri Lankan fishermen. Every government has negotiated with Sri Lanka and freed our fishermen," the former home minister said.

"This has happened when Mr Jaishankar was a

foreign service officer and when he was Foreign Secretary and when he is Foreign Minister. What has changed for Mr Jaishankar to launch a tirade against the Congress and DMK?" he said.

Were not fishermen detained by Sri Lanka when Atal Bihari Vajpayee was PM and the BJP was in power and in alliance with different political parties of Tamil Nadu, he asked.

"Were not fishermen detained by Sri Lanka when Mr Modi was in power since 2014?" he said.

In a post on X, Shiv Sena (UBT) leader Priyanka Chaturvedi shared an RTI response from the ministry of external affairs in 2015 which said Katchatheevu Island lies on the Sri Lanka side of the India-Sri Lanka International Maritime Boundary Line, that was delineated by the 1974 Agreement demarcating it in the Palk Straits and a subsequent 1976 Agreement demarcating it in the Gulf of Mannar and Bay of Bengal.

"This did not involve

either acquiring or ceding of territory belonging to India since the area in question had never been demarcated. Under the Agreements, the Island of Katchatheevu lies on the Sri Lanka side of the India-Sri Lanka International Maritime Boundary Line," the RTI reply said.

Tagging the RTI reply dated January 27, 2015, Chaturvedi said, "Maybe MEA will be able to address this discrepancies in its RTI response in 2015 vis a vis 2024."

"As per the RTI response in 2015 when current Foreign Minister was serving as the FS (foreign secretary) it was said "This did not involve either acquiring or ceding of territory belonging to India since the area in question had never been demarcated..." the Shiv Sena (UBT) leader said.

"Today the Foreign Minister and yesterday the PM claimed it has been 'ceded'. So is the change in stance for their election politics or has Modiji made a case for Sri Lanka?" she

said.

Tagging her post on X, Congress general secretary, in-charge communications, Jairam Ramesh said, "Just shows how quickly the Foreign Secretary changed his colours when he became External Affairs Minister."

"There is no limit to hypocrisy or lie-mongering as far as the Modi Sarkar is concerned," Ramesh charged.

Jaishankar on Monday said prime ministers such as Jawaharlal Nehru and Indira Gandhi dubbed Katchatheevu, given to Sri Lanka in 1974 as part of a maritime boundary agreement, as a "little island" and "little rock". He asserted that the issue has not cropped up abruptly but was always a live matter.

It has been frequently raised in Parliament and has been a matter of frequent correspondence between the Centre and the state government, Jaishankar said, adding that he has replied to the chief minister at least 21 times. (PTI)

Home Voting team undergoes training under Pakyong District

PAKYONG, APRIL 1/--/In connection with the general election, a training session for the "Home Voting" team took place today at the conference hall of Rurban Complex in Pakyong. Tashi Chopel, the District Election Officer (DEO) Pakyong addressed the gathering and emphasised the responsibilities of the officers in the Home Voting team. He urged them to be cautious and vigilant as poll day approaches.

Tshering Chopel Bhutia, the Additional Director of the Agriculture Department cum Nodal Officer for Postal Ballot (PB), advised the participants to be attentive during the training for a smooth election. Furthermore, Rebecca Gurung, Deputy Director, Agriculture Department cum Assistant Nodal Officer of PB, provided the gathering with guidelines from the ECI regarding the Home Voting facility for senior citizens aged 85+ and PwD voters with a 40% benchmark disability. She discussed the roles of the home voting

team in detail and emphasised the composition of the team, which includes a Sector Officer, Polling Officer, Micro Observer, and a videographer.

She also stressed the importance of maintaining the secrecy of the votes throughout the process. Regarding postal ballots, Mrs Gurung said that pink-coloured forms are used for Assembly Constituency while white-coloured forms are used for Parliamentary Constituency. She provided hands-on training to the trainees on filling out forms like Annexure 10 and Annexure 11, as well as sealing the envelopes. The day also included an interactive session where the trainees had the opportunity to ask questions and clarify their doubts with the concerned officials. The training session was attended by Ms Anupa Tamling, ADC Pakyong; Thendup Lepcha, SDM Rangpo; Sonam Tshering Lepcha, SDM Rongli, along with the staff of the Election Department and the trainees. trying to head towards barricades and were stopped by the security personnel from crossing the state border and marching to Delhi. The plea came up for hearing before a bench of justices Surya Kant and K V Viswanathan on Monday. (PTI)

SC refuses to stay HC order directing judicial inquiry into farmer's death during protest

NEW DELHI, APRIL 1/--/ The Supreme Court on Monday refused to stay the Punjab and Haryana High Court direction setting up a panel to probe farmer Shubhakaran Singh's death during a clash between the protesting farmers and the Haryana security personnel in February. The SC said the supervision of the matter by a panel headed by a retired judge would infuse fairness and transparency.

The apex court was hearing a petition filed by the Haryana government challenging the high court's March 7 order which had formed a committee headed by a former high court judge to inquire into the death of

Shubhakaran Singh during the clash. Shubhakaran, 21, a native of Bathinda, was killed and several police personnel were injured in clashes at Khanauri on the Punjab-Haryana border on February 21. The incident took place when some protesting farmers were

trying to head towards barricades and were stopped by the security personnel from crossing the state border and marching to Delhi. The plea came up for hearing before a bench of justices Surya Kant and K V Viswanathan on Monday. (PTI)

AI-generated deepfake videos, voice cloning emerge as potential threats during election season

NEW DELHI, APRIL 1/--/ As political parties go all out to woo voters ahead of the general elections, cybersecurity experts have raised concern over the possible misuse of artificial intelligence and deepfake technology, among others, to influence the electorate.

Lok Sabha polls in India will take place in seven phases between April 19 and June 1. The Election Commission of India has already issued standard operating procedures for identification and quick response to fake news and misinformation.

"Deepfake videos and voice cloning are two tools that could be massively used during the election campaign," a senior officer of the Delhi Police's cyber crimes unit said. He believes that a major challenge before the police is timely detection of such content and taking prompt action. There is no technology available that can automatically detect and differentiate between original and fake video content created using artificial intelligence (AI). "By the time it gets noticed, the damage is already done because it gets spread on social media," the officer said. In January 2024, during the New Hampshire primary of the Democratic Party in the US, a robocall mimicking President Joe Biden's voice falsely advised voters not to participate, claiming it would affect their eligibility for the general election. In Slovakia, an AI-generated voice, mimicking that of a liberal candidate, discussing plans to raise alcohol prices and rig the election was widely circulated on Facebook.

Similarly, a manipulated audio clip falsely implicated a presidential candidate in plans to manipulate ballots during the

Nigerian elections of February 2023.

In Bangladesh, deepfake videos of opposition politicians Rumin Farhana in a bikini and Nipun Roy in a swimming pool surfaced on social media ahead of the national elections. Former Indian Police Service (IPS) officer and cybersecurity expert Triveni Singh said the widespread dissemination of AI-generated misinformation can erode public trust in the electoral process and democratic institutions. The government should engage with stakeholders, including cybersecurity experts, tech companies and civil society organisations, to develop transparent and fair guidelines for evaluating and approving AI tools, Singh said.

Talking about the measures being taken to tackle the potential danger that AI poses during elections, he said the Centre has made the Indian Cybercrime Coordination Centre (I4C) the nodal agency for taking down objectionable online content.

As soon police on any state inform the I4C about malicious content online, they will reach out to the social media companies to get the content deleted, Singh added.

Cyber crime units of state police are also patrolling online to identify fake news or inappropriate content, he said.

Singh suggested that security agencies can create specialised teams equipped with tools to detect and analyse deepfake and voice cloning. These teams should be available round the clock, especially during critical periods such as elections.

He also urged the authorities to conduct awareness campaigns to educate voters about deepfakes and voice cloning and on ways to critically evaluate information on social media. (PTI)

Shed over-confidence, war and election fought with full caution, Adityanath tells BJP supporters

NOIDA, APRIL 1/--/ Ahead of Lok Saha polls, Uttar Pradesh Chief Minister Yogi Adityanath on Monday asked party leaders, workers and supporters to shed any sense of over-confidence and emphasised that "both war and election should be fought with complete caution and alertness". Adityanath said this while addressing a 'Prabuddh Varg Sammelan' (intellectual community's conference) at Greater Noida in Gautam Buddha Nagar Lok Sabha constituency of western Uttar Pradesh after a couple of similar events in Hathras and Bulandshahr earlier in the day. Tell-tell signs of the devastating cyclone that clobbered Mairang and Mawthadraishan C & RD blocks under Eastern West Khasi Hills, Meghalaya on Sunday--UB Photo

Extreme heat likely in Apr-Jun; central, western peninsular parts expected to face worst impact: IMD

NEW DELHI, APRIL 1/--/ India is set to experience extreme heat during the April to June period, with the central and western peninsular parts expected to face the worst impact, the IMD said on Monday as the country prepares for seven-phase general elections from April 19. India Meteorological Department (IMD) Director General Mrutyunaj Mohapatra said above-normal maximum temperatures are likely over most parts of the country during the April-June period, with a high probability over central and western peninsular

India. Normal to below-normal maximum temperatures are likely over some parts of the western Himalayan region, northeastern states and north Odisha, he said.

Above-normal heatwave days are likely over most parts in the plains during this period. Ten to 20 days of heat wave are expected in different parts of the country against a normal of four to eight days, he said.

Gujarat, central Maharashtra, north Karnataka, Rajasthan, Madhya Pradesh, Odisha, north Chhattisgarh and Andhra Pradesh are likely to

experience the worst impact of heat waves, Mohapatra said. Above-normal maximum temperatures are likely over most parts of the country in April, with a high probability over central south India. Normal to below-normal maximum temperatures are likely over some parts of the western Himalayan region and the northeastern states in April, the IMD said. Above-normal heatwave days are likely over many areas in central India and the adjoining areas of the northern plains and south India in April, the weather office said. (PTI)
